

# YOUR PHOTO CHECKLIST

I know from my own recent experience that choosing what group photos to have can be quite a daunting task. My biggest worry was forgetting someone important to me like my Grandad, so to help you in this process, I have pulled together a list of the most common group photos to help you choose.

This is a very long list and I wouldn't advise ticking all of them, so think really carefully about which photos you will truly want to look back at in 10 years. Typically, I would advise roughly 20 – 25 so you have plenty of time to get some 1 on 1 photos with your new husband/wife.
